THE "T" SERIES CUPS ARE MADE OF CLEAR POLYETHYLENE #1.  
 THE "G" SERIES CUPS ARE MADE OF COMPOSTABLE NATUREWORKS® PLA.  
 Greenware Cups breakdown with heat and may tend to be cloudy or grainy. Cups may warp if exposed to temperatures above 105°F.

**Production Note:**

While every effort is made to maintain quality, the nature of plastic cups is such that they may exhibit scratches from packaging or shipping. This is normal and NOT a defect.
